

## **ISR EVENT ON PARK CLEANING**

Faculty of Education is delighted to share the report of an 'ISR Event' on the theme 'Clean India' at Govt. Park, at Mogappair on 19.03.2025 with B.Ed. Students. Engaging in social service initiatives for Clean India involves actively participating together to organize cleanliness campaigns in public spaces, such as parks, streets, or marketplaces, to instill a sense of responsibility and awareness among the community members. Students worked tirelessly to clean the park. Through collective efforts, the students not only revitalized a public space but also instilled a sense of responsibility and awareness among community members.
