- Ability to apply ethical decision making, use IT industry recognized best practices and standards in the development, implementation and management of IT system integrating multiple domains.
- Ability to understand and update current trends in web technology, distributed infrastructure, data management, software engineering, system engineering and secured applications

HOD'S DESK

It gives me great pleasure to give my best wishes to “TECH VOICE”, a newsletter from Department of Information Technology of Dr.M.G.R Educational and Research Institute. It is a technical platform to bring out the hidden talents of students and faculty . The students and

faculties of department are always proactive in taking initiatives in technical, cultural and social events. I hope that this newsletter will serve the purpose of reflecting all activities of department and it will inspire others to do their best. Wishing you all the best. I'll take this opportunity to congratulate the students editorial team and our staff editors Dr.Dahlia Sam and Mr.A.Kameshwaran for their great effort to make this news letter as a reality. Also I invite the readers of “TECH VOICE” for their contribution and suggestions for the forthcoming issues. I wish good luck to the entire team of editors and look forward for your kind patronage to our newsletter.

ALUMINI'S CORNER

It was indeed a great 4 years of my Engineering at MGR University. My long-time dream of becoming an IT professional came true today only because of our MGR University. Undoubtedly the department, backed by our HOD kept encouraging me to come out with flying colors not just in academics but also co-curricular activities. I am always thankful to all my teachers in my department who has moulded us and shaped us in right way and made us what we are today. We had so many department activities, symposium, conferences held every year with various events, seminars arranged in our department. The four years of engineering has taught me quite a few life lessons which has enabled me to become a successful IT professional and a good human being above all.

Proud to be the alumni of MGR university
