I am Harini R from B.Tech Information Technology, and I am extremely happy to share that I have been selected by Cognizant through the campus placement drive.

This achievement would not have been possible without the consistent support and guidance provided by our Placement Cell and the faculty members of our department. From training sessions to timely updates and mock interviews, every initiative helped me prepare confidently for the recruitment process.

I truly appreciate the efforts taken by the placement team in coordinating with top companies and ensuring students are well-prepared and well-informed at every step. I am grateful for the opportunities, encouragement, and mentorship I received throughout my academic journey.

Thank you once again to everyone who played a part in helping me reach this milestone. I am excited to begin my professional journey with Cognizant and will always carry the values and learning from our

Dear sir,
At the outset let me first thank you for your support this year starting with registration of students for AMCAT, lining up students for interviews ensuring that the selected students share the signed offers to us and on-boarding of interns. It has been an absolute pleasure working with you and your institutions and looking forward for many more years of collaboration and partnerships.

Ms.AISHWARYA
HR Head
Jain Housing

It was a good experience to have a campus drive with Dr MGR College Chennai, especially in these new norms we all know how difficult it is to conduct an entire session of campus interview without any hassle that too virtual students were very active and focused throughout the interview process and they performed really well placement department who made it such a ease to get it done and have closures looking forward to work with your premises again until then stay safe.
