DEPARTMENT VISION & MISSION

VISION

To strive towards the innovative knowledge in the domain of biotechnology for the development of new processes and product useful to the society and enrich economy.

MISSION

To impart knowledge and skills in the biological sciences to improve human health, protect environment and to enrich economy. To provide an outstanding environment to learn for facing the global need in the fields of Biotechnology. We focus on excellence in teaching and research as well as to promote entrepreneurship

DESK MESSAGE

Dr. Rajeswary Hari

HOD of Biotechnology Department

The Department of Biotechnology was started in the year 2003 with an objective of generating trained manpower in Biotechnology with disciplinary skills from Chemical engineering, Computer Science and Management Skills. Biotechnology is the application of Biology for industrial purposes such as development of vaccines, biomaterials reducing toxic waste by using microbial or enzyme based processes, development of new drugs for treating emerging and reemerging diseases, development of newer diagnostic methods for diagnosis of human diseases, development of crops with additional productivity or added advantages etc. The Research focus in our Department Involves methods to reduce environmental pollution by using micro organisms, identifying the plant products which can be used to treat diabetes, fasten the wound healing processes; understanding the role of SNP in critical gene in the development of cancer; and monitoring and understanding the mechanisms of antibiotic resistance in bacteria. The Dept. is supported by grants from the SERB, DST, DBT & CSIR. The department is motivating the students and faculties to actively involve in research programme and also to publishish articles in national and international journals & Conference The Department offers B.Tech and M.Tech Programs in Biotechnology, M.Tech in Medical Biotechnology and Ph.D. programs also.

ACHIEVERS

A huge congratulations to **B.M Pawan, S. Ganesh, Manav Vamshi and Sachin Raj** for winning the **1st prize** in Model Making at **Sarvasastra'24!** & awarded with a cash prize of ₹1000 for their creative work

Kudos to **Malarvizhi D.K, Athithi.S, and Amirtha Varshini.M** for their exceptional contributions in Magizh, for securing the **1st prize** in "Harmony Heaven" along with a cash prize of ₹1000.

Congratulations to **Sreepooja Parthasarathy, Shivathmika, and Vedhika** for securing the **runner-up position** in both Model Making and Poster Making. . Well done!

SEMESTER TOPPERS

Saisri G K of B.Tech Biotechnology (2022–2026) has secured the top rank in the Odd Semester V with an outstanding GPA of 9.58. Her dedication and excellence are truly commendable.

Angelinadithy S A of B.Tech Biotechnology (2021–2025) secured the top rank in the VII Odd Semester with an impressive GPA of 9.52. Her consistent excellence and commitment are truly admirable.

STUDENT CORNER

The ACS Advanced Medical Research Institute thanks Dr. Murugan Nandagopal of Lifecell Diagnostics for leading the impactful NGS workshop at ILLUMINATE 2024 on October 21. Kudos to B.Tech Biotech third-years **Meenakshi, Sri Ram, Abdur Rahman, Kiren, Kishore, and Mallesh** for their spirited participation!

On 22nd and 23rd October, paper and poster presentations were held, focusing on innovations and translational research. **Sreepooja Parthasarathy** presented a paper titled "**Green Synthesis of Silver Nanoparticles**" highlighting advancements in eco-friendly nanotechnology.

Hearty wishes to **Lavanya**, who secured the third place in techastra, under the event forensic fiesta

Congratulations to **Prasanth.E** for securing **1st place in Brain Buzz** and **3rd place in the Puzzle competition.**

Industrial visit to Pondicherry

"Exploring the Science of Shrimp Farming and Aquaculture"

Industrial visit conducted on 6th November 2024 for IIIrd year around 47 students from both "A" and "B" section of B.tech Biotechnology department.

IV arrangements were coordinated by our department staffs, Dr. Thirunavukkarasu, Mrs. Deepalakshmi, and Mrs. Aparna. There we visited "SUNSHINE AQ CARE PRIVATE LIMITED"

2022-2026 batch

Our shrimp cultivation experience provided insights into **prawn farming**, including **feeding, breeding, and freshwater/saltwater practices**. We learned advanced techniques, sustainable methods, and large-scale production from experts. A visit to **Sun AQ Care Private Limited** showcased marine biotechnology and ecosystem management, offering a deeper understanding of **modern aquaculture**.

STAR OF H4 (STAFF)

Dr. Sri Devi M
Assistant Professor
M.Tech, Doctor of
philosophy, PhD,
Biotechnology

Congratulations to **Dr. Sri Devi M** on her admission to the Doctor of Philosophy program in Biotechnology. Her research on the "**Ameliorative Effect of Ethanolic Leaf Extract and Its Loaded Phytoniosomes of *Tinospora cordifolia* in Mifepristone-Induced PCOS Rats**" is a testament to her dedication to advancing scientific knowledge.

We wish her great success in her academic journey and impactful contributions to the field of biotechnology.

The Department of Biotechnology warmly welcomes its newest faculty members, whose expertise and enthusiasm will further enrich our academic and research environment:

Ms. Anupriya S
Date of joining-22-08-2024
Qualification- M.Tech Biotechnology
Rajalakshmi Engineering College, Thandalam

Mr. Yukesh B
Date of joining: 13/08/2024
Assistant Professor M.sc in Biochemistry at University of Madras, Guindy campus.

Ms. Priyanka
Date of joining: 15.07.2024
Qualification- M.Tech Biotechnology
Dr.M.G.R educational and research institute, chennai

Ms. S. Ishwarya
Date of joining: 02:09:2024
Qualification MSc biochemistry education
Worked as a Teaching Assistant in DG Vaishnav college from 2019 to 2024

Suresh S. Publishes High-Impact Review on Coronary Artery Disease

Suresh S

B.Tech Biotechnology

2021-2025

Congratulations to the final-year B.Tech Biotechnology student, under the expert guidance of **Dr. Thirunavukkarasu Palaniyandi**, on the remarkable achievement of publishing a review article titled “**Emerging Therapeutic and Diagnostic Strategies for Coronary Artery Disease**” in a prestigious journal with an **Impact Factor of 3.0 (2024)**. This comprehensive and cutting-edge article delves into groundbreaking advancements such as nanoparticles for targeted drug delivery, RNA therapeutics, and stem cell-based therapies, while also exploring exciting future trends like AI-driven diagnostics and minimally invasive treatment approaches. His research provides innovative and valuable insights into the evolving landscape of coronary artery disease management, marking a significant contribution to the field.
