MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

Department of Electronics and Communication Engineering

Event Title	International seminar on " AI & Machine Learning Tools for image processing"		
Objective of Event	The event motto is to showcase the growing significance of AI and Machine learning in transforming image processing across various industries.		
Chief Guest /Speaker Details	Dr. Sivasankari G G, Senior Lead Analytic, Consultant Dallas, Texas, USA Dr. Raju, Adela Research Scientist, Kumamoto University, Japan		
Date	26/09/2023	Time	10.00 AM to 04.00 PM
Venue	Google meet	No. of Participants	100

REPORT

TITLE

International seminar on " AI & Machine Learning Tools for image processing"

CONTENT

The department of ECE organized an International Seminar on AI & Machine Learning Tools for Image Processing on 26/09/2023 in Virtual Mode(Zoom Meet Link).

The Event with the first session Guest Speaker Dr.GG.Sivasankari, Texas,Dallas, US. Major area of her expertise would be Artificial Intelligence,Machine Learning and digital Google Cloud platform. She started her presentation at 10a.m and ends at 12p. m. Second session Guest Speaker Dr.Raju Aedla from Japan. His domain of Interest is in Remote sensing and Image Processing. He started his presentation at 12p.m and ends up at 1.30p.m. The Head of the Department of Electronics and Communication Engineering gave the welcome address of the Guest Speakers and invited all the participants,faculty members and at the end of the session Dr.V.Manonmani gave the vote of Thanks.

The International Seminar on AI & Machine Learning for Image Processing provided a comprehensive platform for knowledge exchange,collaboration,and innovation in the field.The event showcased the growing significance of AI and Machine learning in transforming image processing across various industries. Attendees left with a deeper understanding of the latest trends and a renewed enthusiasm for pushing the boundaries of AI & ML in image processing.

MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

This seminar served as a testament to the global community's commitment to advancing the field of image processing through the integration of artificial intelligence and machine learning. The knowledge and insights gained during the event are expected to drive further breakthroughs and applications in this rapidly evolving domain.

EVENT OUTCOME

The International Seminar on AI & Machine Learning for Image Processing provided a comprehensive platform for knowledge exchange, collaboration, and innovation in the field. The event showcased the growing significance of AI and Machine learning in transforming image processing across various industries. This seminar served as a testament to the global community's commitment to advancing the field of image processing through the integration of artificial intelligence and machine learning.
