Department of Electronics and Communication Engineering

Event Title	Club Activity event "Quiz Competition"		
Objective of Event	The objective of TECHQUEST was to strengthen students' understanding of core electronics and communication concepts while enhancing logical reasoning, quick thinking, and teamwork through an interactive quiz format.		
Chief Guest /Speaker Details	nil, nil, nil		
Date	12/12/2025	Time	02.00 PM to 04.00 PM
Venue	University Auditorium	No. of Participants	60

REPORT

TITLE

TECHQUEST

CONTENT

The Department of Electronics and Communication Engineering, in association with the ECOMET Association and powered by INNOVOLTZ (ECE Innovation Club), successfully organized a technical quiz competition titled "TECHQUEST" on 12th December 2025, from 10:00 AM to 12:30 PM, at the Circuits & Devices Laboratory (A101). The event was conceptualized with the primary objective of strengthening students' technical foundations while fostering analytical thinking, problem-solving abilities, and healthy academic competition among budding engineers.

The quiz competition was structured into three well-designed and progressive rounds, each focusing on different domains of electronics and engineering aptitude. The rounds tested participants on core electronics concepts, communication systems, and logical and analytical reasoning, ensuring a balanced evaluation of both theoretical knowledge and application-oriented thinking. The format encouraged quick recall, accuracy, and teamwork, making the sessions highly engaging and intellectually stimulating.

Students from the second year ECE program participated with great enthusiasm and competitive spirit. The participants demonstrated commendable levels of team coordination, time management, and technical proficiency, reflecting their strong

academic preparation and interest in the discipline. The interactive nature of the quiz kept the audience engaged throughout the event and created a vibrant learning atmosphere within the laboratory setting.

The entire program was efficiently coordinated by Dr. Anandhi S and Ms. A. Abilasha, who served as the Organizing Secretaries. Their meticulous planning and execution ensured the smooth conduct of the event. The competition was organized under the esteemed guidance and encouragement of the Head of the Department, Dr. U. Jayalatsumi, whose continuous support played a vital role in the success of the program.

The event concluded on a high note with the announcement and recognition of the winning teams, followed by words of appreciation extended to all participants for their active involvement. "TECHQUEST" proved to be a valuable and enriching academic initiative, reinforcing technical learning beyond the classroom and motivating students to actively engage in co-curricular and innovation-driven activities.

EVENT OUTCOME

The event improved students' technical knowledge, problem-solving ability, and collaborative skills, while motivating active participation and interest in technical learning beyond the classroom.
