MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

Department of Electronics and Communication Engineering

Event Title	International seminar on" Exquisite Trends In Electronics And Communication"		
Objective of Event	To provide artificial Intelligence (AI)to extract valuable information from this treasure trove of data. Especially in the highly competitive electronics industry, they can automate processes, increase production flexibility, reduce energy costs and resource consumption,		
Chief Guest /Speaker Details	Dr. S. Balakumar, Associate Professor, Arba Minch University, Ethiopia		
Date	14/03/2024	Time	02.00 PM to 04.00 PM
Venue	Google meet	No. of Participants	100

REPORT

TITLE

Exquisite Trends In Electronics And Communication

CONTENT

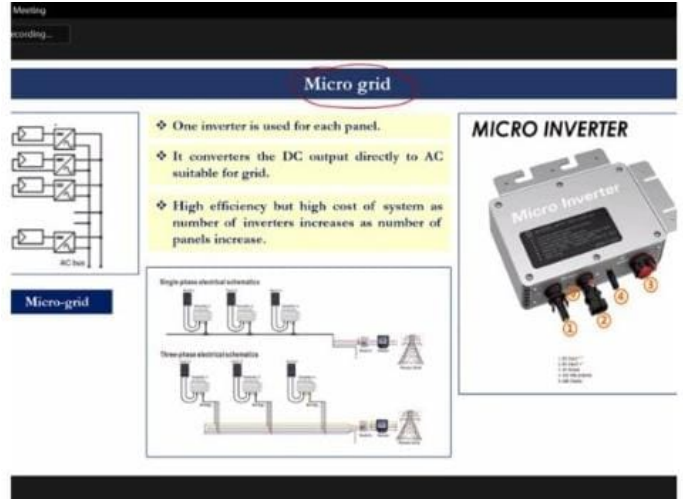

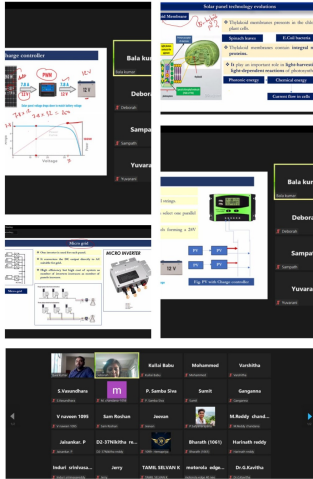

The department of ECE conducted an International Seminar on Exquisite trends in electronics and Communication- advances in renewal energy on 14/0/2024 between 2 to 4 p.m online mode.. The event was attended by 3rd year students of our department. The speaker for the event was Dr.S.Balakumar , Associate professor, from Arba Minch University, Ethiopia. The event focused on enlightening the students with the need for using electronics in power generation using renewable sources of energy, the next exceptional technology trend - Virtual Reality (VR) and Augmented Reality (AR), and Extended Reality (ER). VR immerses the user in an environment while AR enhances their environment. The speaker also shared a lot of information on how artificial intelligence and artificial neural networks could be used in the area of power generation. The session was interactive and enabled the students to enhance their knowledge. The event was organized by Dr. S.Sampath Kumar and Dr. S.Deborah of ECE department. The department thanks our Honourable President for his constant support and all the executives for their continuous encouragement in organizing the event.
