MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

Department of Electronics and Communication Engineering

Event Title	IETE sponsored workshop on "Softwarisation of Computer networks"		
Objective of Event	To obtain more knowledge about stages of network development and execute the software in the cloud or in clusters of distributed IT servers.		
Chief Guest /Speaker Details	Mr.J. Santhanakrishnan, Deputy General Manager (retd),, BSNL, Chennai		
Date	16/02/2023	Time	10.00 AM to 12:30 PM
Venue	University Conference Hall - Maduravoyal Campus	No. of Participants	150

REPORT

TITLE

"Softwarisation of computer Networks"

CONTENT

The Department of Electronics and Communication Engineering in association with IETE professional society conducted workshop on the topic " Softwarisation of Computer Networks" on 16/02/2023 at 10.30 am in the Auditorium-RA block Main campus . The event started with the welcome note by Dr.U.Jayalathsumi HOD-ECE. Ms. Anjali III year ECE student introduced the guest speaker to the audience.The speaker for the event was Mr. Santhanakrishnan , Deputy General manager (Retd) BSNL. The speaker enlightened students with his vast expertise in the field of Computer Network like what is layers , Routers etc and wireless network. The session was very interactive and gave a clear understanding about how automatically SCN is controlling in future. The vote of thanks given by Mr.Faisal III year ECE. The event was coordinated by Dr. T. Vimala Professor/ECE. The Department wholeheartedly thank our Honorable President for his constant support and all the executives for their continuous encouragement in organizing the event.

MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

EVENT OUTCOME

The Speaker shared his vast expertise in the field of Computer Network, While the main rationale of 5G softwarization is to achieve high degree of flexibility/programmability as well as reduction of total cost of ownership (TCO), it remains an interesting but significant issue on how to strike a desirable balance between system openness and necessary standardization in the context of 5G.
