

MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

Department of Civil Engineering

Event Title	ISR- Awareness on solar usage and its benefits		
Objective of Event	To Reduce greenhouse gas emissions and mitigate climate change • 2. To Conserve natural resources and promote sustainable development • 3. To Reduce energy costs and increase energy independence		
Chief Guest /Speaker Details	Outside Audience, Outside Audience, Mogappair		
Date	22/11/2024	Time	10.00 AM to 12.00 PM
Venue	Civil Smart Room	No. of Participants	35

REPORT

TITLE

Solar panel installation awareness program

CONTENT

The Department of Civil Engineering recently conducted a successful awareness program on solar panel installation, with active participation from B.Tech II year students. The campaign aimed to educate the general public about the benefits and applications of solar energy for both commercial and residential purposes.

Key Highlights: B.Tech-II year students played a pivotal role in the campaign, demonstrating their enthusiasm for sustainable energy solutions.

- The program effectively raised awareness among the general public about the advantages of solar energy, including reduced electricity bills and environmental benefits.

- The campaign highlighted the potential of solar energy for both commercial and residential applications, encouraging individuals and businesses to adopt sustainable energy solutions.

1. Overall outcome of the event :

1. Educating the public about the benefits and applications of solar energy.

2. Encouraging individuals and businesses to adopt sustainable energy solutions.

3. Promoting environmental awareness and sustainability among the general public.
