MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

Department of Civil Engineering

Event Title	National Seminar on World Environmental Day		
Objective of Event	To make the students aware of working experience and stated some of the construction materials which causes more CO2 emission and pollute our environment and also he gave wide alternative materials and options which will give solution for these problems.		
Chief Guest /Speaker Details	Er.Muthu Mani,, Sales Manager-, RDC Concrete(India) Pvt		
Date	05/07/2023	Time	10.00 AM to 12.00 PM
Venue	Civil Smart Room	No. of Participants	100

REPORT

TITLE

Report for National Seminar on "World Environmental Day" 05.07.2023

CONTENT

Content:

The Department of Civil Engineering organized a National Seminar on "World Environmental Day" 05.07.2023. The Day started off with a welcome address by Dr.T. Kavitha, Head of Civil Engineering Department. The speaker of the day Er.Muthu Mani, Sales Manager-RDC Concrete (India) Pvt Ltd have shared his working experience and stated some of the construction materials which causes more CO2 emission and pollute our environment and also he gave wide alternative materials and options which will give solution for these problems. Dr.RM.Narayanan, Dean-Green and Smart Campus have interacted with students about the importance of protecting our environment and how our environment is being exploited day by day. Our planet has been sending signs that our home is in danger in the form of CO2 emissions, cyclones, hurricanes, tsunamis, earthquakes, etc. It is time that we rise and act against this. This is our creation and it is never late to undo our doings. Dr.P.Gomathi Nagajothi, Deputy Dean Green and Smart Campus (Phase-II) delivered about "Waste Management" concepts and explained about what systems are going to be followed in order to reduce or control the dry plastic wastes produced by public. Dr.M.Narmatha, Deputy Dean Green and Smart Campus (Phase-I) have emphasized the students to actively participate in various societal activities. Dr.V.Priyadarshini, Assistant Professor have interacted with students by stating the quote "Environment is no one's property to

destroy; it is everyone's responsibility to protect" and explained that there's a direct connection between energy use and the environment. When we consume less power, we can reduce the amount of toxic fumes released by power plants, conserve the earth's natural resources and protect ecosystems from destruction. Then feedback form was collected from the participants and the event came to an end with a vote of thanks.

Event outcome:

Students gained a wide knowledge on environmental awareness and various environmental prevention and protection methods and individual responsibilities have emphasized in students mind.
