Event Title	Subject lecture on Construction Management- IV yr		
Objective of Event	The event's objective is to foster collaboration, skill-sharing, and professional development by focusing on the integration of construction management and safety engineering principles to deliver successful, safe, and efficient construction projects, covering		
Chief Guest /Speaker Details	Dr.T.Felixkala, Professor/ JR E&T Affair, Dr Mgr Educational Research Institute		
Date	30/07/2025	Time	10.00 AM to 12.00PM
Venue	CIVIL SMART ROOM	No. of Participants	50

REPORT

TITLE

Subject lecture on Construction Management

CONTENT

The Department of Civil Engineering Dr.M.G.R Educational and Research Institute organized a Subject Lecture on "Construction Management" on 30th July 2025, at Civil Smart Room from 10.00 AM to 11.00AM for the Final Year B.Tech Civil Engineering students.

Dr.T.Kavitha HOD-Civil Engg delivered the welcome address. Ms. Sivanadhini, Final-year student, introduced the speaker to the participants. The Speaker of this session Dr.T.Felix kala, Professor & Joint Registrar(E&T), gave a very perceivable and informative lecture on Construction Management, The session focused about "different types of Construction Management," such as Light, heavy and industry constructions. Dr. Felix Kala emphasized the importance of integrated project planning, technological adaptation in construction workflows, and sustainability in large-scale infrastructure projects. The lecture highlighted current trends such as lean construction practices, and risk mitigation strategies. The students actively participated in this program and gained the knowledge about the practical applications of Construction Management. Today's Program was organized by Dr.A.Arivumangai, Professor Civil Engg. Department.

The program was concluded with vote of thanks given by Mr.Surya Final Year Student B.Tech Student and Overall comparing by. Ms. Sivanadhini, Final-year student B.Tech.

MGR ASSOCIATION FOR GREAT INNOVATIVE CREATORS

We thank Our Honourable President Sir for his encouragement and support at all times. We also express our sincere thanks to all executives of our university.

EVENT OUTCOME

An "event outcome" in construction management and safety engineering refers to the overall success or failure of a construction project, which is determined by factors such as the project's quality, cost, schedule adherence, and, critically, its safety performance. Effective construction management ensures projects are completed on time, within budget, and to the required quality standards
